Offer valid to: 02/12/2021

Hotel Garni Bellavista

The Hotel Garni Bellavista is above the centre of Arabba and gets great views of the surrounding valleys and mountains. Simplicity and comfort is the best way to describe this hotel - all at a good price. The rooms are simple in their design but clean and comfortable. The centre of the resort and ski lifts are just 500 metres away taking around ten minutes at a casual pace. Don't worry about lugging your boots and equipment with you though as you can leave them in the ski deposit at the partner hotel, Hotel Portavescovo, which is very close to the piste.

Breakfast at the hotel is a varied continental selection with coffees and juices. Half board meals in the evenings are in the restaurant at Hotel Portavescovo. This is also where you can use the indoor pool, sauna, steam room and gym. If you're after a nice hotel near the centre of town, this a great value choice for your Inghams holiday.

Transfer time: approx. 3 hours by coach from Innsbruck airport.

Added value

Free daily afternoon cake from 4pm to 5pm (drinks excluded)

Arabba

Of the resorts that make up the celebrated Sellaronda circuit, Arabba has some of the most interesting slopes, and is a real skiers' holiday base. It boasts excellent, challenging pistes, and the stunning slopes of the mighty Marmolada glacier are within easy reach. The highly

recommended Hidden Valley is close by too. Part of the spectacular Dolomiti Superski area, the modern lift system ensures Arabba links easily to the Sella Ronda, with Canazei in the Val di Fassa to the West, and Corvara in the sunny Alta Badia ski area to the North. This compact, friendly village has a natural ice skating rink and a small selection of shops, bars, restaurants and pizzerias. Après-ski is low key and relaxed, the skiing anything but! The fast 'Ornella' run down to Pescoi is one of the big thrills for local skiers – and one of the biggest local challenges.
